motion control

www.ready2roll.de

Ready2Roll offers a stage for smaller film and commercial productions, as well as tabletop and packshot shoots. It comes with a full set of light and grip equipment sufficient for many production types. Your benefits: a low priced stage, ready to roll, no additional costs on loading.

On request 35mm film equipment is also available. For complex effect shots Ready2Roll offers two motion control systems of its own.

- ▶ basic set of light and grip equipment
